

ROUNDHOUSE EVENTS

Exclusive hire of an iconic venue

About Us

From Victorian beginnings as a steam-engine repair shed, to legendary cultural venue, the Roundhouse is a building steeped in history.

Having hosted performances from Jimi Hendrix, Patti Smith and Pink Floyd during the 60's & 70s, the Roundhouse re-opened in 2006 following a £30m refurbishment. Performances from Britney Spears, Radiohead, Janelle Monae, The Chemical Brothers and Wizkid have re-established the Roundhouse as one of London's most iconic music venues and performance spaces.

The Roundhouse also gives young people and artists the space to experiment, develop skills and be part of incredible moments that go down in history - developing the talent of tomorrow. We're available for private and corporate hire offering over 2500 sqm of event space.

"We have worked with the Roundhouse for 6 years; the building has so much character that we can always do something new so our guests are always wowed. The Roundhouse team are always really helpful and professional, it's great when we get to work with them again"

Ellen Macarthur Foundation

"After six years and counting at the Roundhouse, I feel we've made the absolute most of the space, the facilities and the extraordinary atmosphere that surrounds our event. And, as ever, we couldn't have done it **with you and the wider Roundhouse team. The unique nature of the Roundhouse aside it's the people that make the difference."**

Attitude Magazine

"There's no doubt about it: the Roundhouse is an icon in London's creative landscape. It's an incredible space which never fails to inspire show producers and artists to create something special within its walls. Run by genuinely passionate teams in every department, both behind the scenes and front of house, it's a venue of which London - and the UK as a whole - should be proud."

Testimonials

"As a venue their attention to detail is immaculate, we work with many venues across the UK and use the management plan received from Roundhouse as a benchmark - I can honestly say they knock spots off all other venues we work with when it comes to professionalism, delivery and attention to detail."

The above to one side the staff are a delight to work with, no question is ever too much trouble and as a testimony to this we have already secured dates for the next two years!"

TESTIMONIAL

Chen had the winning pitch on the Roundhouse Accelerator Programme, a 10 week business development programme for creative entrepreneurs; her business Occlon helps reinvent museums, creating more curious experiences for visitors through technology and design.

"The Accelerator Programme pulled me in and spun me out into un-imaginable opportunities. I was excited about how we focused on different topics each week with breathing space in between to develop your business. If you are working by yourself it can be hard to push things along but working as a team really helped me gain momentum"
